Resources on John Calvin

John Calvin

John Calvin (1509–1564) was a French theologian, pastor, and reformer in Geneva during the Protestant Reformation. He was a principal figure in the development of the system of Christian theology later called Calvinism, including its doctrines of predestination and of God's absolute sovereignty in the salvation of the human soul from death and eternal damnation. Calvinist doctrines were influenced by and elaborated upon the Augustinian and other Christian traditions. Calvin was a tireless polemicist and apologetic writer. He

exchanged cordial and supportive letters with many reformers, including Philipp Melancthon and Heinrich Bullinger. In addition to his seminal *Institutes of the Christian Religion*, Calvin wrote commentaries on most books of the Bible, confessional documents, and various other theological treatises.

This collection of 2037 resources by John Calvin—and by other scholars on Calvin and his teaching—is truly the *“Duesenberg of Resources on things Calvin.”*
