Update on Marlene Wright

Marlene recently had an MRI to examine some issues in her lumbar vertebrae which also revealed a rather large mass in her right kidney. She was referred to an excellent urologist in Fort Worth who ordered a CT scan which revealed a mass the size of a baseball and his diagnosis was this was likely cancerous, and the kidney needed to be removed as soon as possible.

This was done on March 14 and the pathology report revealed that she had a **Clear Cell Renal Cell Carcinoma with Cystic Changes, Grade 1** cancer. The surgery was successful, and she is in her recovery period (which can last up to six weeks).

Your prayers would certainly be appreciated. Should you wish to mail her a Get Well card, send it to the address at the bottom of this page.

Lion and Lamb Apologetics Update

- We have had a number of questions presented to us in recent weeks that seem to be of great interest to many people. This month we present one that appears to be of great concern for many people, judging from the number of questions that we receive. You will find links to the many documents that expand upon this topic. As always, your questions are appreciated!

Bethel, Hillson, Elevation Worship Music

Should a church use worship music from sources that are proven to be part of the spirit of error and falsehood Jesus warns about? What if the song itself is biblical? Does the source matter? Shouldn't a song be judged on its own merits and not the source?

These are questions that many church leaders struggle with, along with their congregants. That's because most of the music licenses churches purchase for Sunday morning worship services originate from the "Big Three:" Bethel Church in Redding California, Hillsong United in Australia, and Elevation Church in Charlotte, North Carolina.

All three of these organizations and their leaders have proven over and over again to teach a completely different Gospel than the doctrine taught by Jesus and His Apostles. (More on that below.) Their music is emotionally manipulative to create manufactured religious experiences. And all three of these organizations take the focus off of Jesus and onto you.

When congregants recognize the source of this music, many are rightfully alarmed.
